

THE EMPLOYEE OF THE QUARTER
(April – June 2022)

After a long hiatus (2009), the Commission decided that it was time to resurrect its *Employee of the Quarter* (EOTQ) initiative, so that its hard-working and dedicated employees, can be recognized by management as well as by their peers.

On July 15, 2022, the committee announced its ‘first’ EOTQ to the staff. Today, July 19, we would like to publicly announce and recognize Ms. Johanna Rhymer, our deserving and winning recipient.

Johanna is the Commission’s Office Supervisor and was tasked with spearheading the launch of World Telecoms Day. Johanna organized all events, which included public participation in the highlighted and anticipated Scavenger Hunt. Her tasks were enormous, but boy... did she blow it out of the park!

Congratulations Johanna, on a job well done. Continue with the excellent works!
